

# Art with the Arthropods at the United Titanium Bug Zoo

At the United Titanium Bug Zoo, we think insects are works of art, so why not use them as inspiration for our artistic endeavors. Join the bug zoo for a series of insect-inspired art projects. Each session, we'll emphasize both the aesthetic value and ecological importance of these creatures. Let's create some art with the residents of the bug zoo!

These programs are designed for adults and mature students 16+. \$5/session - classes (except April) meet at the UTBZ in the Wooster Science Building on OSU's Wooster Campus.
