

STUDENT NEWS

October 2014

Greetings!

Fall is speeding by with the colors and smells that we all love so much at this time of the year. When you read this publication, we will be getting ready for the fall DeLong Award Competition for best poster and best talk. We wish all participants the best of luck.

We again ask for event or meeting announcements or other contributions you would like to see in future newsletter editions. We would like to include them.

Best regards,

Dr. Dan Herms (Chair, herms.2@osu.edu) and Dr. Carol Anelli (Associate Chair, Anelli.7@osu.edu)

OVEA Student Paper Competition

The Ohio Valley Entomological Association (OVEA) announces the Student Paper Competition for 2014 which will be held at the Ohio Union on **October 31**. Visit the OVEA website at <http://extension.entm.purdue.edu/OVEA/> for more details.

DeLong Award Competition

There will be two \$500 awards for the fall competition. The entry deadline was October 20th with the competition scheduled for November 5 from 3-5 p.m. in Kottman 244 and Fisher 121.

Winners will be announced by November 7th.

Borlaug Graduate Research Grant

Purdue University's Center for Global Food Security is accepting applications for the 2014 Borlaug Fellows in Global Food Security program. The application deadline is **November 10th**. For further information, visit <http://www.purdue.edu/borlaugfellows>.

2015 Triplehorn Challenge

The 2015 Triplehorn Challenge is a friendly competition to showcase entomological collection and presentation skills in one of three divisions: scientific reference collection, still art, and timed tournament. The event is part of the 2015 NCB-ESA meeting (**May 31-June 3, 2015**) in Manhattan, Kansas.

Updated Graduate School Handbook

The Graduate School Handbook has been updated and is available at <http://gradsch.osu.edu>.

Pollinator Garden Dedication

On September 20, 2014, the Ben Stinner Pollinator Garden was dedicated. Ben was deeply involved in sustainable agriculture and agroecosystems before his death in 2004. His words below are a fitting testament to Ben's legacy and his lasting impact on our department.

Like our meeting, life is then so short,
so let us give only to each the best right now
I ask only to be made a gift
For this land from which I grew
Keep this promise and let me come now
Into sweet rest so I can grow again
Through you and the land on which we stand

-Ben Stinner
