January 2015

Greetings!

“In three words I can sum up everything I’ve learned about life: it goes on.” (Robert Frost) For many of us, the years seem to whiz by, and 2014 was no exception.

Each new year begins with great promise, and we hope each ends with great accomplishment, as 2014 did with the many achievements and awards that we continue to celebrate.

Bring on 2015, we are ready for the challenge!

Best regards,

Dr. Dan Herms (Chair, (herms.2@osu.edu) and Dr. Carol Anelli (Associate Chair, Anelli.7@osu.edu)

AAAS Fellows

Bruce McPherson and Dan Herms have been elected as Fellows of the American Association for the Advancement of Science (AAAS). The welcoming ceremony will be held in San Jose, California in February. Fellows are recognized for meritorious efforts to advance science or its applications.

2015 Triplehorn Challenge

The 2015 Triplehorn Challenge is a friendly competition to showcase entomological collection and presentation skills in one of three divisions: scientific reference collection, still art, and timed tournament. The event is part of the 2015 NCB-ESA meeting (**May 31-June 3, 2015**) in Manhattan, Kansas.

As you walk down the fairway of life you must smell the roses, for you only get to play one round.
